## THE POD PELICAN WATERS

---

 COLLABORATION THROUGH  
CONSTRUCTION

Overlooking the stunning Pelican Waters on QLD's Sunshine Coast, "The Pod" is an outstanding resort style home featuring a pavilion style layout where tropical landscapes, natural light and ventilation provide year round comfort and a seamless connection to the local environment.

Awarded the 2020 BDAQ Residential Design of the Year, this outstanding project by Christopher Design Group features 18 x Vantage MAGNUM™ sliding doors, including an 8m x 4m corner stacking door, raked

windows to compliment the unique curved roof profile and an abundance of louvre galleries throughout. The end result is a statement and a jewel in the crown for Coast and Hinterland Glass and Aluminium.

The combination of sliders, corner stackers, louvres and fixed lights maximise natural light, ventilation and regulate seasonal temperature variation making it a stunning home to live in year round.

The connection this home provides to the waterfront is truly breathtaking.

## **AWS** | PROJECT FEATURE

The most technically demanding element of The Pod was the raked glass under the curved roof line, situated above the Elevate™ SlideMASTER™ 704 Sliding Door in the master bedroom. With 5 x radiuses in the single roof curve, precision was required to ensure measurements were accurate and glass was cut to size perfectly.

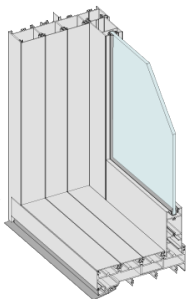

Vantage® Series 618 MAGNUM™ Sliding Doors feature stainless steel ICON™ hardware for a beautiful, long lasting finish. Each door was hand tooled and inspected to ensure a refined finish. Fabricating 18, premium door units required expert quality control and production management and a full commitment from everyone in our team.

Complementing the large glass facades, privacy from the waterway and adjacent homes is achieved through the use of a grey tinted glass which also manages Solar Heat Gain in the warmer months.

### **■ SERIES 618 MAGNUM™ SLIDING DOOR**

- × Stacking sliding door offering 2, 3 and 4 panel configurations.
- × The flat sill design allows the door frame to be recessed completely into the floor for the ultimate finish.
- × 90° corner sliding option – no corner meeting post.
- × The 33mm thick stiles are ideal for extra large doors (up to 3000mm) in high wind load areas.
- × Compatible with Centor® Retractable Screens for a refined finish.

Maximum Panel Height: 3000mm  
Maximum Panel Width: 2000mm  
Maximum Glass Thickness: 24mm

Coast & Hinterland Glass & Aluminium (CHGA) offer a wide range of services including all manners of glazing work, service, and repairs. Located in Caloundra on the Sunshine Coast, CHGA serve both retail and wholesale customers in the south-east of Queensland. Committed to supplying high quality products with the service to match, CHGA offer a free measure and quote service to all their customers. Call them on (07) 5492 7730 or visit their showroom.

2D & 3D CAD Files Available | Download from [specifyaws.com.au](http://specifyaws.com.au) to use in your projects.
