# MELTON CHRISTIAN COLLEGE

---

 A NEW ERA IN EDUCATION

Melton Christian College exemplifies how thoughtful design can foster inspiring and nurturing educational environments where students can thrive and reach their full potential.

The project's goal was to create functional, welcoming spaces that reflect the college's commitment to academic excellence and holistic development.

From spacious classrooms to dynamic learning hubs, every element of the design was carefully considered.

SMB Windows and Doors, provided high-quality, energy-efficient window and door solutions that maximise natural light, improve ventilation, and ensure the comfort and safety of students and staff alike.

## **AWS** | PROJECT FEATURE

SMB Windows and Doors installed Series 424 Double Glazed CentreGLAZE™ Fixed Windows. These windows accommodated IGUs up to 28mm, providing superior insulation and improved energy efficiency to create comfortable learning environments that supports focused learning.

Additionally, the project features Series 462 Sliding Windows, which combine bold frames and robust sashes designed to support large spans of heavy-duty glass, creating open and light-filled spaces.

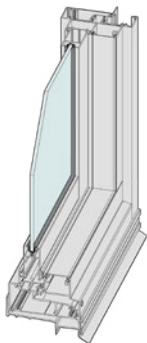

To complement the design, SMB Windows and Doors selected Series 704 SLIDEMASTER™ Sliding Doors for their smooth, sleek aesthetic and premium performance.

This high-performance solution ensures a seamless connection between indoor learning areas and the natural outdoor environment.

### **ELEVATE™ SERIES 462 SLIDING WINDOW**

- × 102mm wide perimeter frame with built-in nailing fins designed to simplify installation into brick veneer and cavity brick.
- × The extra strong sashes allow large sash windows to be fabricated for high wind load areas.
- × Double sash design with the external sash fixed.
- × Both fixed and opening sashes can be installed, replaced and/or reglazed from inside the building.
- × Sliders can be fitted with surface or mortice deadlocks.

Maximum Panel Height: 1600mm  
Maximum Panel Width: 1350mm  
Maximum Glass Thickness: ≤20mm  
SHGC Range: 0.18 – 0.66  
Uw Range: 3.3 – 6.0

SMB Windows supplies Australian made, locally manufactured aluminium windows and doors for Residential, Architectural and Commercial projects. Our range includes high performance and energy efficient options to ensure style for generations to come.
