

## OLIVE TREE HOUSE

🏠 ALL EYES ON THE OLIVE TREE

Bring the outdoors in! It's no doubt this project was unlike any other, nicknamed The Olive Tree House, the focus was clear.

Dedicated parents and children's wings are separated by a mature Olive Tree in the enclosed atrium courtyard in the centre of this beautiful Sunshine Coast home.

The owners reached out to Tim Christopher from Christopher Design Group to find the perfect window system, quoting 'Don't kill my olive tree'. While accommodating to their desire to create a functional home for a family of 8 to work uninterrupted and still have a coastal luxury about it.

Tim turned to Alex at Coast & Hinterland to come up with a solution.

## AWS | PROJECT FEATURE

After weeks of research to find the right glass configuration and performance solution, a custom-made system presented itself. This ensured the right climate would be achievable for their olive tree.

The home was designed with a vast atrium of floor to ceiling windows throughout, feeding an abundance of natural light giving the sense of openness and space for the family.

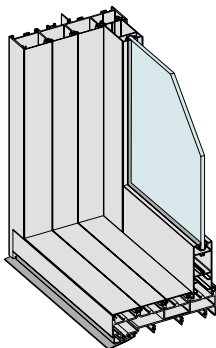

The centre is home to the mature olive tree planted right under a sky window utilising the Series 400 Commercial Fixed Framing to draw the eye up and out of the double height space.

The open living plan on the ground floor flowed seamlessly with the combination of large Series 618 Stacking Sliding Doors and 411 Bi-fold Doors to the outdoor entertaining, pool and sunken seating areas.

### ■ SERIES 618 MAGNUM™ SLIDING DOOR

- × Stacking sliding door offering 2, 3 and 4 panel configurations or bi-parting doors up to 8 panels with dedicated cavity sliding option.
  - × The flat sill design allows the door frame to be recessed completely into the floor for the ultimate finish.
  - × The 33mm thick stiles are ideal for extra large doors (up to 3000mm) in high wind load areas.
  - × Tested to very high water resistance of 300Pa standard sill and 660Pa cyclone sill, allowing these doors to be installed into most residential projects.
- Maximum Panel Height: 3000mm  
Maximum Panel Width: 1940mm  
Maximum Glass Thickness: ≤24mm  
SHGC Range: 0.22 - 0.67  
Uw Range: 3.0 - 6.2

Coast & Hinterland Glass & Aluminium (CHGA) offer a wide range of services including all manners of glazing work, service, and repairs. Located in Caloundra on the Sunshine Coast, CHGA serve both retail and wholesale customers in the south-east of Queensland. Committed to supplying high quality products with the service to match, CHGA offer a free measure and quote service to all their customers.

Phone: (07) 5492 7730 | Web: [chga.com.au](http://chga.com.au)

2D & 3D CAD Files Available | Download from [specifyaws.com.au](http://specifyaws.com.au) to use in your projects.
